# 1. Account & Registration Help

## Creating Your Blewtoof Account

To participate in the affiliate program, you first need a standard Blewtoof account.

- Go to [blewtoof.com](http://blewtoof.com) and click “Sign Up”
- Enter your name, email address, and a password
- Check your inbox for a verification email and click the confirmation link
- Once verified, you can log in and access all Blewtoof features

### Didn't receive a verification email?

Check your spam/junk folder first. If it's not there, try signing up again with the same email — the system will resend the verification. If the problem persists, contact us at [blewtoofplugins@gmail.com](mailto:blewtoofplugins@gmail.com).

## Resetting Your Password

If you've forgotten your password, click “Forgot Password” on the login page at [blewtoof.com](http://blewtoof.com). Enter the email address associated with your account, and you'll receive a password reset link. The link expires after 24 hours.

## Updating Your Account Details

You can update your name, email address, and other profile information by logging in and navigating to your account settings. If you need to change the email address linked to your affiliate account, please contact us at [blewtoofplugins@gmail.com](mailto:blewtoofplugins@gmail.com) to ensure your affiliate records are updated accordingly.

# 2. Affiliate Sign-Up Issues

## Where to Sign Up

Once you have a Blewtoof account and are logged in, navigate to [blewtoof.com/affiliate](http://blewtoof.com/affiliate). You'll see the Affiliate Sign-Up Widget on this page. Complete all required fields and submit your application.

## Common Sign-Up Problems

**Q: The sign-up widget isn't loading.**

A: Try clearing your browser cache and cookies, then refresh the page. If you're using an ad blocker or privacy extension, try temporarily disabling it. The widget works best on Chrome, Firefox, Safari, and Edge.

**Q: I'm getting an error when I submit the form.**

A: Make sure all required fields are filled in correctly. Your PayPal email must be a valid email format. If you continue to experience issues, try a different browser or device and contact us if the problem persists.

**Q: I signed up but never received a confirmation email.**

A: Check your spam/junk folder. Affiliate confirmation emails are sent from [blewtoofplugins@gmail.com](mailto:blewtoofplugins@gmail.com) — add this address to your contacts to prevent filtering. If you still haven't received it after 24 hours, email us.

**Q: Can I sign up for multiple affiliate accounts?**

A: No. Each person is limited to one affiliate account. Creating multiple accounts is a violation of the program terms and may result in termination.

## 3. Understanding Your Dashboard

Your affiliate dashboard at [blewtoof.com/affiliate](https://blewtoof.com/affiliate) is your central hub for managing your affiliate activity. Here's what each section means:

Dashboard Section	What It Shows
Referral Link	Your unique affiliate URL to share with your audience
Clicks	Total number of times someone has clicked your affiliate link
Conversions	Number of clicks that resulted in a successful sign-up or purchase
Pending Earnings	Commissions earned but not yet paid out
Paid Earnings	Total commissions already paid to your PayPal
Payment History	A log of all past payouts with dates and amounts
Promotional Materials	Banners, graphics, and copy you can use in your promotions

 **Tip**

Bookmark your dashboard page for quick access. Stats are updated in real time, so you can monitor performance as your promotions go live.

## 4. Affiliate Links & Tracking

### Where to Find Your Link

Your unique affiliate link is displayed at the top of your dashboard after you log in at [blewtoof.com/affiliate](https://blewtoof.com/affiliate). You can copy it directly from there.

### How Tracking Works

When someone clicks your affiliate link, a tracking cookie is placed in their browser. This cookie lasts for 30 days. If that person makes a purchase within the 30-day window, the sale is attributed to you and you earn a commission.

### Common Tracking Questions

#### **Q: My clicks aren't showing up.**

A: It can take a few minutes for clicks to register. If clicks still aren't appearing after an hour, make sure you're sharing the correct link from your dashboard (not a modified or shortened version). Contact us if the issue continues.

#### **Q: I referred someone but didn't get credit.**

A: The person must use your exact affiliate link. If they visit [blewtoof.com](https://blewtoof.com) directly (without clicking your link), the referral won't be tracked. Also, if the person's browser blocks cookies or they clear cookies before purchasing, tracking may not work.

#### **Q: Can I use a URL shortener with my affiliate link?**

A: We recommend using your affiliate link as-is for the most reliable tracking. Some URL shorteners can interfere with the tracking cookie. If you must shorten it, test the shortened link first to confirm clicks are registering in your dashboard.

## 5. Payments & PayPal

### How You Get Paid

All affiliate commissions are paid monthly via PayPal. Payments are processed on the 1st of each month for the previous month's earnings. For example, commissions earned during March are paid out on April 1st.

### Payment Requirements

- You must have a verified PayPal account

- Your PayPal email must be correctly entered in your affiliate dashboard
- Your account balance must meet the minimum \$50.00 payout threshold
- If your balance is below \$50.00, it will roll over to the next month

## Payment Troubleshooting

### **Q: I didn't receive my payment.**

A: First, check that your PayPal email is correct in your dashboard settings. Payments are sent on the 1st of the month — allow 2–3 business days for PayPal to process. If your balance was below \$50.00, it will carry over. If everything looks correct and you still haven't received payment, email us at [blewtoofplugins@gmail.com](mailto:blewtoofplugins@gmail.com) with your affiliate ID.

### **Q: My PayPal email has changed. What do I do?**

A: Log in to your affiliate dashboard and update your PayPal email under Payment Settings. Changes take effect on the next payment cycle. If your next payment is imminent, email us to make sure the update is captured in time.

### **Q: Can I be paid via bank transfer, Venmo, or another method?**

A: At this time, PayPal is the only supported payment method. We may add additional options in the future.

### **Q: Will I receive a payment receipt?**

A: PayPal will send you a notification when you receive a payment. You can also view your full payment history in your affiliate dashboard.

#### **Important**

Blewtoof is not responsible for payments sent to an incorrect PayPal address. Please double-check your PayPal email in your dashboard settings to avoid any payment issues.

- Promote through your own website, blog, social media, email list, or YouTube channel
- Create original, high-quality content around Blewtoof

### Don'ts

## 7. Technical Troubleshooting
